2017 ALL NEW STREET CUP

CLOTHING

Our desire to get the most out of every ride applies as much to our clothing as it does to our bikes. Every piece of Triumph clothing is designed to play a part with technical innovations in materials and design, focusing on style, safety and comfort. Designed and tested by people that ride to deliver a perfect fit.

FOR THE RIDE

We want to bring you even more of what's going on in the fast-moving riding world before it happens, so we've had a change of gear. Our new For the Ride blog will be home to regular updates capturing the excitement, thrills and fascinating characters that make motorcycling our reason for getting up each day. It's a lifestyle thing, so we'll also be turning the spotlight on some of the people making the riding world the exhilarating place it is. fortheride.com
